

In anticipation of WISP's first policy paper and International Women's Day, WISP & WIIS-A invite you to an **online panel discussion** on diverse voices in AUKUS.

Experts across security, diplomacy, and advocacy will discuss AUKUS Pillar I & II, highlighting contributions of young women and those from intersectional backgrounds. Audience members can engage with speakers, and in-person attendees are welcome to stay for networking and refreshments.

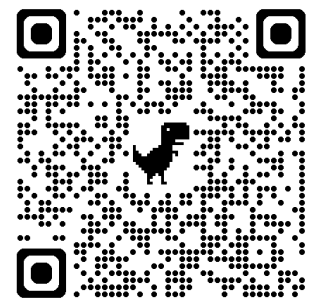

Speakers include **Jennifer Babic (US Embassy)**, **Asha Clementi (Girls Run the World)**, **Kathryn Essex (British High Commission)**, **Cathy Moloney (The Asia Group)**, and **Maria Rost Rublee (WIIS-A)**.

While gender equity is gaining traction, women's perspectives remain underrepresented in national security. This event underscores the need to ensure women's voices shape Australia's strategic future.
